## What we do

**magnifiSant**

MagnifiSant can create and custom-design any PVC rubber promotional product you desire. Working specifically with the moulding abilities of PVC rubber, amazing 3D-effect products can be created – which are both tactile, pantone colour matching and accurate to any logo or brand.

## Custom design and production

Either you can provide us with a design or we can design for you, and then produce amazing rubber products which are safe, non-toxic and virtually indestructible – a different alternative to the usual promotional items and memorabilia in the market. Some of the products we can manufacture for you are:

- USB Flash Drives in any shape, colour, logo, design
- Fridge magnets – any item you require or select from our range of over 40 designs for South African tourism or other countries internationally
- Super 15 Rugby Memorabilia: we are an Official Licensed Manufacturer for all teams as well as SARU Springboks, plus we hold additional licenses for Bokkie and Sharkie
- Licenses held for Smiley World; Jungle Beat; Monskey; and Koolby & Friends
- Keyrings
- Badges
- Clothing apparel labels and zipper pullers
- Bar mats
- Magnetic bottle openers
- Luggage Tags and school bag tags
- Re-usable event and function drinking straws
- Drinks coasters
- Photo-frames
- PVC pens
- PVC mugs and unique mini-mugs
- Bookmarks and memo-stands
- Custom-designed cellphone charms, cellphone skins for iPhones
- Custom-designed ear-phones
- Wrist bands
- ...and more

magnifiSant

*It's a revolution in saving your pictures, music, and work documents on a mobile platform, and being able to move what's most important to you, with you. USB flash drive ports can be found in most computers, laptops, netbooks, tablets, electronic photo-frames, and even in many cars today. Let customers take your brand with them everywhere, by creating a custom-designed USB in the shape of your logo, brand, or industry... the opportunities are endless.*

*Besides our own range of USB flash drives that we sell to retailers, we can create something special for you in a choice of tech chips inside from 1GB to 64GB. We only use Samsung, Toshiba or Intel chips, so you can be assured of quality as well. Lets see what we can do for you today...*
