# Hats Off

## Customising of woven ribbon for peaks and belts

In order for us to have customised taffeta ribbon woven with your own logo we need clear and specific artwork of a high definition.

We need to weave a minimum of 300 meters at a time and the cost is in the region of R8.50 (excl vat) per meter but this depends on the artwork and colours used in the final design.

A webbing belt uses approximately 1.2 meters, and a peak only half a meter.

We have the ribbon woven for you and we invoice you exactly what the manufacturer charges us.

We can keep the ribbon here for you to order customised peaks and or belts when and as you need them, the decision is yours.

## Embroidered Capes with your own logo

We are also able to have Capes embroidered with your logo. There is a once of digitising fee which again depends on the design but this is in the region of R180.00 excl vat and the design would add another R20-R25.00 on to the cape but this is subject to final confirmation once we have received the artwork design.
